TOTAL Rs. 76,700 INCL. GST · 20-25 WORKING DAYS

01

EXECUTIVE SUMMARY

A streamlined, final scope reflecting the latest simplifications requested.

29 Pages	Rs. 76,700	20–25 Days	5 Scopes
Total Deliverable	Total Investment (Incl. GST)	Timeline	Delivery Phases

What This Proposal Covers

This is the final, streamlined scope for the BioVeritas CRO website. Two existing pages absorb content that does not need its own URL: About Us folds in Why BioVeritas, What Makes Us Different, Scientific Philosophy, Integrated Development Approach, Customised Study Design, Global Partner Network, Quality Commitment, and Translational Science as long-form sections; Therapeutic Areas includes the 6-stage Scientific Approach infographic. Translational Research remains a standalone service page. Based on the latest feedback, four further simplifications have been made: Partner With Us and Collaboration are combined into a single page; Careers and Internships are combined into a single static, template-based page rather than a dynamic listing system, since hiring volume does not justify one; Scientific Publications is folded into Resources & Downloads as a section rather than its own page; and Knowledge Centre is parked for a later phase rather than built now. This brings the site to 29 pages at a total investment of Rs. 65,000 + GST = Rs. 76,700, issued on behalf of Rabiro Marketing Agency.

#	SCOPE OF WORK	PAGES	COST (EXCL. GST)
1	Core & Foundation Pages (incl. 2 expanded pages)	7	Rs. 17,500
2	Service Line Pages (13 original + Translational Research)	14	Rs. 29,500
3	Case Studies, Blog & Resources (incl. Publications)	6	Rs. 8,800
4	Partner & Collaboration + Careers & Internships (static)	2	Rs. 6,000
5	SEO, Forms, Utility Pages, Integrations & 1-Month Maintenance	—	Rs. 3,200
	SUBTOTAL (EXCL. GST)	29	Rs. 65,000

Utility & legal pages — Privacy Policy, Terms of Use, Cookie Policy, Thank-You page, and 404 error page — are bundled inside Scope 5 at no additional per-page cost, along with 1 month of free post-launch maintenance for bug fixes and minor updates.

02

SCOPE 1 — CORE & FOUNDATION PAGES

Seven pages carrying the full weight of BioVeritas' credibility and positioning.

SCOPE 1 · CORE & FOUNDATION PAGES | RS. 17,500 + GST

These seven pages establish the design system, credibility signals, and navigation backbone the rest of the site depends on. Two of them — About Us and Therapeutic Areas — carry significantly more content and design work than a standard page, which is reflected in their individual pricing below.

About Us — Expanded (9 Sections)

Rather than create 8 separate pages, all of the following are built as distinct, well-designed sections within one long-form About Us page — each with its own layout treatment rather than a generic text block:

- Company overview
- Why BioVeritas
- What Makes BioVeritas Different
- Scientific Philosophy
- Integrated Development Approach
- Customised Study Design
- Global Partner Network
- Quality Commitment
- Translational Science

Therapeutic Areas — Expanded (Scientific Approach Infographic)

A 6-stage horizontal infographic — Discovery, Mechanism, Biomarkers, Animal Models, Clinical Translation, Commercialisation — is added to the existing Therapeutic Areas page, using the same interactive-stepper style already built for the ADME and Discovery Pipeline service pages.

Other Pages in This Scope

- Home — hero, key highlights, services overview, why-BioVeritas strip, CTA banners
- Leadership & Scientific Team
- Quality, Compliance & Accreditations — GLP · GCP · OECD · ICH · CDSCO
- Facilities & Infrastructure — lab capability, CPCSEA registration, instrumentation
- Contact Us — enquiry form, WhatsApp button, Google Maps embed

Cost Breakdown

COMPONENT	WHY IT COSTS THIS	COST
Design system	Colour palette, typography, icon set, scientific background patterns — used across all 29 pages	Rs. 2,900
Home + Contact	Full build, responsive, animated stat counters, form + WhatsApp + Maps wiring	Rs. 4,400
About Us (expanded, 9 sections)	9 distinct section layouts on one page — the single largest content page on the site	Rs. 5,800
Quality, Facilities, Team	3 credibility pages with compliance badge tables and lab imagery	Rs. 2,900

COMPONENT	WHY IT COSTS THIS	COST
Therapeutic Areas (expanded)	Existing domain listing + new 6-stage Scientific Approach infographic	Rs. 1,500
SCOPE 1 TOTAL		Rs. 17,500

03

SCOPE 2 — SERVICE LINE PAGES

Fourteen service pages, each built on the same proven, approved template.

SCOPE 2 · 14 SERVICE LINE PAGES | RS. 29,500 + GST

Every service page follows the format already approved: hero, capability tags, overview, "What We Deliver" cards, standards/guidelines table, engagement steps, and closing CTA. Content for 8 of the 14 pages is already provided; 6 pages — the 5 new service lines plus Translational Research — require client-supplied copy before design begins.

Content Ready — 8 Pages

SERVICE PAGE	KEY UI ELEMENT
In Vitro & Cell-Based Studies	Study highlights + engagement steps
In Vivo Pharmacology & Efficacy	Study snapshot + standards table
Bioanalytical & Biomarker Testing	Service cards + standards table
Pharmacokinetics (PK) & ADME	Horizontal ADME infographic (5-stage)
Discovery & NPD Screening	Discovery Pipeline horizontal stepper
Clinical Research (Phase I–IV)	Service cards + compliance banner
Regulatory & Strategic Consulting	"Regulatory Journey" infographic
New Product Development (NPD)	Development snapshot + standards table

Content Pending Client Input — 6 Pages

SERVICE PAGE	KEY UI ELEMENT (PLANNED)
Toxicology & Safety Pharmacology	Standards table + capability cards
Analytical & Testing Services	Standards table + capability cards
Data Analytics & Digital Health	Capability cards + workflow visual
Medical Devices	Standards table + capability cards
Manufacturing, Licensing & Technology Transfer	Capability cards + engagement steps
Translational Research	6-part infographic — Bench to Bedside, Reverse Translation, PK/PD, Biomarkers, Clinical Endpoints, Precision Medicine

This proposal covers design and development only. Copywriting for the 6 pending pages is available as an add-on at Rs. 2,500/page if BioVeritas would rather Rabirol draft the content, matching the tone of the existing 8 pages.

Cost Breakdown

COMPONENT	WHY IT COSTS THIS	COST
8 pages – content ready	Design + build using the approved template	Rs. 16,700
5 new service lines	Design + build once content is received	Rs. 9,300
Translational Research	New page – 6-part infographic, same build complexity as ADME/Discovery pages	Rs. 3,500
SCOPE 2 TOTAL		Rs. 29,500

04

SCOPE 3 — CASE STUDIES, BLOG & RESOURCES

Proof of work and ongoing scientific content, kept lean.

SCOPE 3 · CASE STUDIES, BLOG & RESOURCES | RS. 8,800 + GST

Case Studies and Blog give BioVeritas a place to publish sponsor-facing proof of work and ongoing scientific insights. Scientific Publications is folded into Resources & Downloads as a dedicated, filterable section rather than its own page — it serves the same "read more" intent as white papers and regulatory updates, so a shared page keeps the build lean without losing the content. Knowledge Centre (webinars, glossary, how-to guides) is parked for a later phase and can be added once the core site is live.

Pages in This Scope

- Case Studies / Projects hub — filterable by therapeutic area or service line
- Case Study detail template — repeatable, editable in Elementor
- Blog / Scientific Insights hub
- Blog post template — repeatable
- Resources & Downloads — white papers, regulatory updates, gated PDF downloads, plus a Scientific Publications section (filterable listing of papers and journal citations)
- Request a Proposal (RFP) form — study type, phase, molecule type, timeline fields

Cost Breakdown

COMPONENT	WHY IT COSTS THIS	COST
Case study system	Hub + repeatable detail template with filters	Rs. 3,400
Blog system	Hub + repeatable post template	Rs. 2,400
Resources, Publications & RFP form	Downloads library + Publications section + proposal form	Rs. 3,000
SCOPE 3 TOTAL		Rs. 8,800

Knowledge Centre (webinars, glossary, how-to guides) is not included in this scope. It can be added as a phase-two page once the core site is live — happy to quote it separately at that point.

05

SCOPE 4 — PARTNER & CAREERS

Two combined pages, simplified to match actual hiring and partnership volume.

SCOPE 4 · PARTNER & CAREERS | RS. 6,000 + GST

Based on the latest feedback, this scope has been simplified from four pages down to two. Since BioVeritas will not be hiring extensively in the near term, a dynamic careers system is not justified — a single, well-templated static page covers openings and internships without the ongoing overhead of a custom post type. Partner With Us and Collaboration are combined into one page, since both are fundamentally about how an external party works with BioVeritas — commercially or academically — just presented as two clearly separated sections.

Partner & Collaboration (1 Page)

One page, two sections: the three commercial engagement models (full-program partner, milestone specialist, white-label CRO support) and a separate section for academic/institutional research collaboration (joint studies, co-authored publications, university tie-ups). One combined enquiry form with a dropdown to route the enquiry to the right team.

Careers & Internships (1 Static Page)

One template-based page listing current openings and internship opportunities side by side, with a single apply form (resume upload included). Openings are edited directly in Elementor rather than through a dynamic admin panel — the right trade-off given low hiring volume, and easy to upgrade to a dynamic system later if hiring picks up.

Cost Breakdown

COMPONENT	WHY IT COSTS THIS	COST
Partner & Collaboration	One page, two sections, one combined enquiry form	Rs. 3,000
Careers & Internships (static)	One template-based page + apply/resume form, manually edited	Rs. 3,000
SCOPE 4 TOTAL		Rs. 6,000

06

INVESTMENT & PAYMENT

Full cost breakdown, GST, and payment schedule — nothing hidden.

Rs. 65,000	Rs. 11,700	Rs. 76,700	20–25 Days
Subtotal (Excl. GST)	GST @ 18%	Total (Incl. GST)	Timeline

Complete Cost Breakdown

#	SCOPE OF WORK	PAGES	COST (EXCL. GST)
1	Core & Foundation Pages (incl. 2 expanded pages)	7	Rs. 17,500
2	Service Line Pages (13 original + Translational Research)	14	Rs. 29,500
3	Case Studies, Blog & Resources (incl. Publications)	6	Rs. 8,800
4	Partner & Collaboration + Careers & Internships (static)	2	Rs. 6,000
5	SEO, Forms, Utility Pages, Integrations & Maintenance	—	Rs. 3,200
Subtotal		Rs. 65,000	
GST (18%)		Rs. 11,700	
TOTAL PAYABLE		Rs. 76,700	

Every rupee in the Rs. 65,000 subtotal is accounted for in the scope-by-scope cost breakdowns in Sections 2–5 — this is not a flat per-page rate, but a reflection of the actual design and build effort each page requires, from a single-form Contact page to a 9-section About Us.

What’s Included

- WordPress installation, theme setup, Elementor Pro configuration, SSL and security hardening
- Desktop and mobile-responsive design for all 29 pages, tested across screen sizes
- Content integration for all pages where copy is already provided (up to 40 images/graphics)
- Contact, RFP, partner & collaboration, and careers/internship application forms — with email notifications
- WhatsApp chat button and Google Maps integration
- On-page SEO (meta titles, descriptions, heading structure), XML sitemap, robots.txt
- Google Analytics 4 integration and page-speed optimisation
- 1 month of free post-launch maintenance — bug fixing, minor content edits, and general upkeep — plus a training call on managing the WordPress admin panel

Not Included

- Domain name and hosting subscription (client to purchase; Rabiro assists with setup at no charge)
- Copywriting for the 6 pending service pages — available as an add-on at Rs. 2,500/page
- Logo design or brand identity creation
- Stock photography purchase beyond images already supplied

- Knowledge Centre page (parked for a later phase, quoted separately if required)
- Ongoing monthly maintenance beyond the 1-month free window (available separately as a retainer)

Payment Schedule

MILESTONE	AMOUNT	DUE WHEN
Advance — Project Kickoff (50%)	Rs. 38,350	Before work begins
Milestone — After Approval (30%)	Rs. 23,010	On design sign-off, mid-project
Final — After Launch (20%)	Rs. 15,340	Before final handover

Rs. 15,000 has already been received on 06 June 2026 (Invoice INVPRB-000001) and is adjusted against the 50% advance below. Balance advance due before work begins: Rs. 23,350.

MILESTONE	TOTAL DUE	ALREADY PAID	BALANCE DUE
Advance (50%) — Kickoff	Rs. 38,350	Rs. 15,000 (INVPRB-000001)	Rs. 23,350
After Approval (30%)	Rs. 23,010	—	Rs. 23,010
After Launch (20%)	Rs. 15,340	—	Rs. 15,340
TOTAL	Rs. 76,700	Rs. 15,000	Rs. 61,700

Delivery Timeline

WEEK	SCOPE IN PROGRESS	DELIVERABLE
Week 1	Scope 1 — Core & Foundation	Design system + Home, About (9 sections), Contact live on staging
Week 2	Scope 2 — Service Line Pages	14 service pages built (pending pages as content arrives)
Week 3	Scope 3 & 4 — Content, Careers, Partner	Case studies, blog, Resources, Partner/Collaboration, Careers built
Week 4	QA, SEO, Training & Launch	Full site tested, SEO configured, training call, go-live

Timeline assumes content for the 6 pending service pages is received by end of Week 1. Delays in content delivery will extend the schedule proportionately. 1 month of free maintenance begins from the go-live date.

07

TERMS & ACCEPTANCE

Clear terms. One message to get started.

Terms and Conditions

Pricing and GST

All figures above exclude GST unless marked otherwise. GST is charged at 18% and shown separately on every invoice. Total payable including GST is Rs. 76,700.

Scope Boundary

This proposal covers the 29 pages listed above. Any page or feature not specified is out of scope and will be quoted separately at Rs. 2,500 per page.

Content and Assets

Text content, images, logo, and brand assets for the 8 ready service pages and all core pages must be provided within 3 business days of kickoff. Content for the 6 pending service pages must be provided within the first week to hold the Week 2 timeline.

Revisions

This proposal includes two rounds of design revisions. Additional revisions beyond the included rounds are charged at Rs. 800/hour.

Domain and Hosting

Domain name and hosting are not included. Client is responsible for purchasing and maintaining hosting; Rabiro will assist with setup at no additional charge.

Intellectual Property

Upon receipt of final payment, full ownership of the website (code, design, and content) transfers to BioVeritas CRO Pvt Ltd.

Payment Terms

Payment is split 50% advance (kickoff), 30% after design approval, and 20% after launch. Rs. 15,000 was received on 06 June 2026 against Invoice INVPRB-000001 and is adjusted against the advance; balance advance due before work begins is Rs. 23,350.

Post-Delivery Support

1 month of free post-launch maintenance is included — covering bug fixes, minor content edits, and general upkeep. New features or scope additions after this window, or beyond routine maintenance, are billed at Rs. 800/hour or quoted separately.

Cancellation

Advance payments received, including the amount already paid against Invoice INVPRB-000001, are non-refundable if the project is cancelled after work has commenced.

Validity

This proposal is valid for 30 days from the date of issue (30 July 2026) and expires on 29 August 2026.

How to Accept

Reply via WhatsApp or email to confirm acceptance. No physical signature required. Payment details will be shared upon confirmation.

"We accept this proposal dated 30 July 2026, Ref. RBR-BVC-2026-005, prepared by Rabiro Marketing Agency, covering all 5 scopes and 29 pages at the agreed fee of Rs. 76,700 inclusive of GST."
